

Menu Key®

Introducing the Key to Problem Free.

Available for the 402S and 500 Series

WHY KEY?

- Experience menu changes in an instant! There's a growing demand on retailers to introduce frequent menu changes. That's why Merrychef created the Menu Key®. This innovative programming system is ideal for adding new dishes to established menus and introducing seasonal promotions. The Menu Key® holds up to 256 menu items. With capacity like that, you're free to take menu to new heights.

SAVE TIME

- Install your menu in seconds with the turn of a key. Simple and convenient to use, the Menu Key® avoids the need to manually enter a large amount of program data across a large collection of ovens.

HOW IT WORKS

- Hundreds of cooking times are established by Merrychef's team of development chefs.

- A key is created, programmed by Merrychef with cooking information.
- You insert the key into the key port on the oven, which turns the oven on, and wait 30 seconds while the programs are downloaded.

MULTI OVEN CAPACITY

- Give a whole suite of ovens multiple menu updates all with a single key. Each 500 series key is capable of holding up to 99 programs that can be shared between oven types. 402S holds up to 256 menus.

BENEFITS

- Reduces the time needed to update a menu by up to 99%.
- Simple to operate.
- One key can store programs for multiple Merrychef products.
- Immune to computer viruses and hacking.
- Reduces human error.
